

Gregory House

Specialist Community Based Care Home with Nursing

Gregory House, Furness Road, Workington, Cumbria, CA14 3PD

T: 01900 602 320

E: info@elysiumhealthcare.co.uk

Overview

Gregory House provides registered nursing care and accommodates 16 ensuite bedrooms and five apartments.

The service has communal lounges, dining rooms and laundries. Gregory House benefits from the multidisciplinary support of Registered Manager, Deputy Managers, Nurses, Psychologist, Occupational Therapist, Therapy Assistants and Support Workers

Gregory House provides a homely and spacious environment which replicates an ordinary living setting. This service design encourages individuals to maintain their own living space and encourages the development of daily living skills aimed at a move towards more independent living.

What we do

We provide a specialist community-based provision with individual bespoke care packages which are person-centred, and outcome-focused. This enables people with continued behaviours of concern and high support needs to be cared for in the least restrictive setting possible, but within a service which is bespoke and structured enough to meet their ongoing needs and risks. We promote active engagement in the community and the opportunity to develop new lifestyle choices to improve self-esteem, confidence and lead a good and meaningful life. Individuals may move on to their own home, supported living or residential settings.

Service at a glance:

Care Home
with Nursing

16 En-suite bedrooms

5 Apartments

Service for
all gender identities

Age 18 and over

The service works collaboratively with all relevant external stakeholders including community teams, so that individuals receive multidisciplinary care and support.

Our Approach:

- Individually tailored support
- Holistic and person-centred care planning
- Positive risk taking
- Strengths based approach
- Positive behaviour support
- Access to meaningful and stimulating activities seven days a week
- Developing independent living skills and community engagement
- A strong emphasis on safeguarding
- Multi-agency, family and partnerships involvement to help progress along care pathway

The outcomes we expect to see include:

- Improvements in quality of life
- Greater choice, control and independence
- Social inclusion through active community, family and friends' engagement
- Reduction of risk
- Improved physical health by working closely with the local GP and community services
- Improved self-esteem and self-worth
- Dignity and respect
- Successful transition into a supported living if appropriate

Who we support:

- All gender identities who have a learning disability or who are autistic, age 18 and over
- Individuals who may have additional complex physical or mental health needs with ongoing risk, with a primary diagnosis of a learning disability or autism
- Those who require a high level of support in a structured environment
- People transitioning from a hospital setting who require further support to progress to more independent living
- Those with Deprivation of Liberty Safeguards (DoLS) and Guardianship orders
